There seems every resears to believe that something like what is called in many I tiers ''old time' republican repirit will be awatened as disat not only all the old time republicans but a vastarmy of younger and active men, who are about to cast their first vote for president, will be organized in support of republican printiples, and the Cancego candidate. It has been considered advisable at this time in the campaign to call together some of the representative men of the party from every continued and says and ruling impulse to make an early and active campaign, and to decide upon a plan that will make it most effective from one end of the country to the other. Among others who have been requested to take part in this conference are General Garfield and Gen. Arthur. They will meet the mambers of the rational committee, the chairmen of of the different states committees, the congressional committee, and about 100 prominent republicans from different states committees, the committees hamed.
